A Foundational Community for Walking The Text

WALKING
THE TEXT

The Mission

Walking The Text exists to help **over 100 million people experience the power and purpose of the Bible in its original context** through transformative media projects like *The Sacred Thread*, companion resources like *Bringing Heaven Here*, and immersive study trips in the Middle East.

The Reality

For the last six years, Walking The Text has moved at the pace of vision, and then worked to secure the resources to sustain it. This has required us to function like a start-up organization: adaptable, resilient, and deeply mission-driven. But this approach creates unstable and unpredictable funding, constant fundraising pressure, and constraints on scaling long-term impact.

The Shift

We believe God is calling us to move from a start-up organization into a seasoned organization—one that moves at the pace of provision, not just vision. To begin doing so, we must **fully fund our general operating budget each year**.

The Opportunity

If our general budget is fully covered, everything changes. We're able to fully focus on the mission ahead, no longer operating in survival mode, but moving forward with confidence and strength. Furthermore, we're able to say with clarity and integrity to our supporters that [1] 100% of every gift goes directly to the mission, and [2] every gift is fully tax-deductible (since we're a 501c3 non-profit). This creates greater trust, unlocks generosity, and accelerates global impact.

The Tapestry

Every story has threads. Some are seen. Others hold everything together. The Tapestry is a community of up to 50 Champions (individuals, families, businesses, churches, foundations) who serve as the unseen foundation beneath the work. By covering the operational needs of Walking The Text, The Tapestry makes it possible for:

- The continued development of *The Sacred Thread*
- Translation into the world's most spoken languages
- Global distribution of the Gospel through media, books, and immersive experiences

Members don't simply support the mission—they **make it possible for others to participate in it**.

The Ask

50 Champions | \$25,000+ Annually | 3-Year Commitment (2026–2028)

Each Champion prayerfully determines their giving, together fully funding the general budget of WTT. For those with additional capacity, we're asking them to prayerfully consider giving to the primary initiatives of [1] Language translation of *The Lord's Prayer* film and Season 1 of *The Sacred Thread*, and/or [2] the development of Season 2 of *The Sacred Thread*.
